Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight

Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised

The City Directory is the natural medium for keeping a business or product name in the spotlight

Insist on Being Well Represented in Its Pages

The Massachusetts Port Authority was created by the Massachusetts Legislature in 1956 to operate, develop, and promote certain transportation facilities without adding to the tax burden.

In 1959, the Massachusetts Port Authority began operation of the Mystic River Bridge, the public piers of the Seaport of Boston, Boston-Logan International Airport, and Hanscom Field.

The facilities of the Massachusetts Port Authority are financed by charges paid by the users of these facilities. The Authority operates as a governmental corporation under powers delegated to it by the Legislature and approved by the Governor.

In the first five years, the Authority spent or committed more than $30,000,000 for the transportation future of the Greater Boston area—without adding to the taxes of Massachusetts residents.

The Massachusetts Supreme Court has stated that the Authority bears considerable analogy to a municipal corporation, although it exercises only limited governmental powers.

EXPORTERS...

BOSTON

- Direct transfer between rail car and ship reduces damage hazard.
- Skilled labor force ensures careful handling of sensitive cargoes such as precision machinery.
- Express freight service to Mediterranean ports via passenger liners.

— Consult your traffic manager or shipping agent for schedules, rates and other information on the Port of Boston.

Out of Sight — Out of Mind — Out of Business
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.
The City Directory is the natural medium for keeping a business or product name in the spotlight
